

Its restaurant week here in the Bronx! In the aftermath of Hurricane Sandy, the Bronx is moving forward and working to boost the spirits of Bronxites through the borough's broad spectrum of savory flavors. Now until November 16th discounts will be offered at restaurants throughout the Bronx. For details on participating restaurants visit www.savorthebronx.com .
{jcomments on}

This year's event is especially significant, given the impact of Hurricane Sandy on our borough's restaurants and eateries, which lost several days worth of business due to the storm. In addition, the famous Tony's Pier restaurant on City Island was destroyed by fire on Sunday night.

This 12-day event, which runs from November 5th to November 16th, is the perfect opportunity to explore your taste buds and the Bronx. Foodies can experience various delicious dishes from the Caribbean, the Americas, Europe and Asia, all of which are available in the Bronx.
